REPORT OF PUBLIC AUDIT OF VICTORIA CORPORATION ACCOUNTS.

WHARF STREET, VICTORIA, B. C.,
28th December, 1876.

To the Honourable

The Provincial Secretary.

SIR:—I have the honor to forward herewith Statement of Cash receipts and disbursements for 1875-76, Ledger Balances, and Statement of assets and liabilities of the Corporation of the City of Victoria, on 30th ultimo. I have made the latter as descriptive as possible to avoid the necessity of a long report.

The assets are set down at value as shewn in the ledger, with the exception of outstanding taxes for the current year, which are taken from the Collector's rolls.

It has been the custom to allow outstanding accounts at the close of the financial year to be paid out of the collections of the early part of the next year. The amount of these outstandings has not varied much until the current year, at the commencement of which the liabilities of the previous year were greatly in excess of those of former years. Thus the actual cash expenditure of 1875, should be augmented by about \$5,000, and that of 1876 correspondingly diminished.

In obedience to your instructions, I have carefully noted all payments made to or in the interest of any members of the Corporation, and herewith forward a list of those payments. The receipts for these can be seen at the Council Chambers.

I have to acknowledge the greatest courtesy on the part of the Civic Officers, who have aided me by placing every requisite at my disposal.

I have etc.,

(Signed) J. C. BALES.

Auditor.

WHARF ST., VICTORIA, B. C.,
28th December, 1876.

To the Honourable
the Provincial Secretary.

SIR,—I have the honour to present herewith the Balance Sheet and Cash Statement of the Victoria Water Works, to 30th ultimo. In presenting the former, I beg to refer you to certain accounts which may require more explanation than can be given in that form.

The account called "construction" has received all the original accounts opened for main pipes charges, contracts of all kinds, &c., &c., and shows the entire cost to date of the works, with the exception of service pipes, the cost of which, being recoverable, has been charged to Revenue.

The Interest and Sinking Fund Account shows that ample provision has been made thus far for the redemption of the Debentures.

The first issue of Debentures (\$100,000), was sold at par; the second (\$50,000), which took place on or about the 5th September, 1875, at a discount of 12½ per cent., and realized \$43,750, the Coupons then

handed over with the Debentures (falling due on 20th November, 1875,) were worth \$1,050.

During the six months immediately preceding this sale the current account at the Bank was overdrawn, and about the same amount for Interest was charged.

The following amounts having been charged to "Revenue" will explain why a balance of \$3131 31 is now standing to its debit.

Loss on sale of Debentures.....	\$6,250 00
Interest on Bank overdraft.....	\$2,109 60
Less Interest on Credit balance	797 03
	1,312 57
Interest on outstanding accounts.....	316 93

\$7,879 50

The Revenue Cash Statement shows how the entire receipts have been expended.

The Water Commissioner has kept his books in perfect order, and has shewn a desire throughout to have the Audit made as complete as possible.

I have, etc.,

(Signed) J. C. BALES,
Auditor.
